

Secretary

Mijin Kim

My family is deeply passionate about hockey; my husband and I still play as adults, my son plays for the Ottawa Sting, and my daughter, Eloise Holmes (2016), just made the KGHA U11AA team. Professionally I am an executive in government supporting the work of tribunals.

I bring a wealth of minor hockey governance experience, currently entering my second year as President of the Ottawa Sting Minor Hockey Association (OSMHA) following two years as VP Communications. Prior to this, I served as the Director of Risk and Safety for the Ottawa Girls' Hockey Association (OGHA) and spent several years as the VP Junior and U9 Convenor for the West End Hockey League (WEHL). At the team level, I have served as a coach, manager, den mom, and trainer for my kids' teams over the years. I possess a practical understanding of girls' hockey and the operations of a minor hockey board. As an active, engaged board member, I hope to begin my journey with the KGHA board this season and contribute to this wonderful association for a long time to come.

Fundraising and Sponsorships

Carrie Brown

I am interested in the Fundraising and Sponsorship Coordinator role as I enjoy bringing people together and creating positive experiences for players and families. I would welcome the opportunity to contribute in a meaningful way by organizing successful events, building relationships with sponsors, and supporting initiatives that enhance the overall girls hockey experience.

Lisa Currie

I strongly believe that getting families involved and invested in their hockey journey is incredibly important. Fundraising not only helps support the program, but also teaches the girls valuable lessons about teamwork, responsibility, and the rewards that come from working together toward a shared goal.

I've successfully organized fundraisers for both our teams and the local community in the past. I'd love the opportunity to help build stronger partnerships with local businesses to support the club, keep player fees affordable, and encourage continued growth within the organization through funding for much-needed goalie equipment, jerseys, and other essentials. Thank you for considering me for this role.

Tournaments Coordinator

Ashleigh Higgins

I am proud to officially put my name forward for another term as your Tournament Coordinator. Over the past two years, we have accomplished so much together, including increasing team participation, launching a new DS tournament, extending game lengths in several divisions, and growing financial support for our competitive teams. We also rebranded our tournaments to “Light the Rink” in honor of Julia Miller, a longtime Kanata Ranger whose legacy continues to inspire our community. In partnership with the Miller family, we introduced the “Hustle and Heart” award and expanded fundraising efforts supporting CHEO Oncology and the Leukemia & Lymphoma Society of Canada.

While I’m proud of everything we’ve achieved, I believe there is still tremendous opportunity ahead. I would be honored to serve another term to continue building on this momentum, expanding our tournaments, strengthening our community impact, and working alongside the Miller family to ensure Julia’s legacy continues to shine both on and off the ice. Thank you for your continued support.

Carrie Brown

For the past four years, my two daughters have been proud members of the association, and during that time I have actively volunteered with their individual teams. These experiences have motivated me to become more involved and contribute to KGHA in a broader capacity. Having participated in countless tournaments over the years, I understand the positive impact a well-organized and engaging event can have on players, families and visiting teams. I would welcome the opportunity to use my experience to help deliver high quality tournament experiences that attract strong participation, create memories and reflect positively on the KGHA.
